To Whom it May Concern:

The Earn and Learn Program has been very beneficial for students in the Farmingdale School District over the past 7 years. This year is particularly exciting for us, since we are seeing some of our first group of students graduating and going on to College. Mr. Rosmarin instills confidence and purpose in the students in his semi weekly meetings. It is a pleasure to watch the growth of the students, their attentiveness to academics and their belief that they can succeed.

I am a slow believer in programs but this has stood the test of time. I don't have confidence in people who come to work in the schools, but I have developed a trust for Mr. Rosmarin and I cannot help but admire his talent, good will and perseverance with our most behaviorally challenged students.

Sincerely yours,

  
Ellen Kramer
