**EARN and LEARN**  
**Educational Savings Account**

Dear Student,

Each time you receive a paycheck, 10% will be deducted and placed in an **Educational Savings Account**.

You also have the option of saving additional funds which will then be matched by Earn and Learn. The maximum for additional savings is 40%. This will make your total pay higher but your cashable paycheck smaller. It is your choice.

The attached chart should help you make this decision.
